Resolution approving A Plan for Milwaukee's Lakefront as part of the comprehensive plan for the City of Milwaukee. (Department of City Development)

Whereas, Milwaukee's lakefront is a unique asset which requires sensitive use if its benefits to the community are to be continued and increased; and

Whereas, The previous decade saw existing plans for the lakefront reach implementation, prompting requests from public and private organizations for a new plan to guide lakefront development during the next ten years; and

Whereas, Mayor John Norquist appointed a task force composed of interested citizens and public officials to lead preparation of a plan for Milwaukee's lakefront; and

Whereas, The task force has submitted its report, A Plan for Milwaukee's Lakefront, and recommended its formal adoption by the City of Milwaukee as part of the City's comprehensive plan; and

Whereas, The Board of Harbor Commissioners has adopted the plan as a guide to its decision making regarding the use and development of the lands and waterways under its control; and

Whereas, The City Plan Commission, pursuant to its responsibilities under section 62.23, Wisconsin Statutes, has adopted the plan as part of the master plan of the City of Milwaukee; and

Whereas, Approval of the plan by the Common Council will establish the plan as a guide for the City of Milwaukee on questions regarding the use and development of the lands and waterways in the planning area, encourage common understanding and coordination among the levels of government and private interests involved in lakefront planning and development, and facilitate implementation of the plan's recommendations; now, therefore, be it

Resolved, That the Common Council of the City of Milwaukee hereby approves A Plan for Milwaukee's Lakefront as set forth in the report attached to Common Council File Number 921491; and, be it

Further Resolved, That A Plan for Milwaukee's Lakefront as hereby approved shall provide guidance and shall serve as a basis for decision making by the Common Council in its consideration of land use and physical development issues; and, be it

Further Resolved, That the Department of City Development, the Department of Public Works, and other appropriate City departments and agencies are hereby authorized and directed to work toward implementation of the plan; and, be it

Further Resolved, That the City Clerk, as recommended in section 5.5.1 of the plan, is hereby authorized and directed to send certified copies of this resolution to the Milwaukee County Board of Supervisors and County Executive and to request that Milwaukee County use the plan as a planning
